

## **VULCAN COACH CORPORATION DELIVERS 28 SLEEPER “SUPERCOACH” #9 TO HOWARD LEASING OF ALABAMA**

Howard Leasing of Montevallo, AL. took delivery of their 9<sup>th</sup> Vulcan “SuperCoach” in July 2006. The “SuperCoach” conversion was on a 2006 Prevost XL-II Entertainer Model.

The Vulcan “SuperCoach” comfortably seats 35 people and sleeps 28 while providing the luxurious amenities customers have come to expect from Vulcan Coach. Vulcan accomplishes this by designing furniture that easily converts into bunk beds and fold down bunks out of the roof. While the coach does sleep 28 people, there is no evidence of beds when you view the interior of the coach. All of the furniture and finishes are just what you would expect in an upscale luxury coach with no signs of bedding until you get ready for them. When it’s time to sleep, the sofas and dinettes are very easy for the passengers to individually convert to beds, and then back to seating all while traveling. The “SuperCoach” handles executive day trips just as easily when no sleeping is needed. Your clients will never know the coach sleeps anyone, let alone 28 people.

A Vulcan “SuperCoach” is the most versatile luxury motor coach in the marketplace today! Operators can keep the coach busy in existing markets while developing multiple specialty markets. Successful “SuperCoach” markets include Sports Teams, University and Community Colleges, Executive Day Trips, Broadway, Entertainers, Church Groups, Weddings...the list is unlimited. SuperCoach operators frequently substitute their SuperCoach for normal charters when 35 seats will get the job done, typically resulting in new clients for their SuperCoaches

The floor plan provides large front and rear lounges with a full galley, bath, closet, and full size refrigerator separating the two lounges.

The coach is equipped with a 20 KW generator, 3 KW trace inverter, 160 amp auxiliary, alternator, and solar panels for power. Four roof mount a/cs with heat strips and three 1500 watt electric heaters take care of climate control. Flooring is luxury commercial carpet and commercial tile for low maintenance. 65 gallon fresh water and holding tanks, a china toilet, water heater and sinks make up the plumbing system which can be dumped or filled from both sides of the coach. Solid surface countertops and deep plated Ultra Leather and upscale upholstery add to the rich look of the coach interior. A 42 inch flat panel plasma TV in the rear, 32 inch and 15 inch LCD TV’s in front, Tracstar In-Motion satellite with full surround sound home theater systems in front and rear keep riders entertained while traveling.

Howard Leasing has been in business since 1982 and currently operates a fleet of 9 Vulcan SuperCoaches all on Prevost chassis. Dan and Pat Howard call their fleet of Vulcan “SuperCoaches” “SportStars”. Howard Leasing Has developed a strong presence in Hockey Team transportation primarily in the Southeast, typically moving 11 to 12 teams a season with their 9 SuperCoaches. When Hockey is out of season, Pat keeps her coaches busy with extended rock and roll tours while filling in with corporate work and private sector tours such as Nascar, football/sports, colleges, hunting trips, and various other specialty markets Howard Leasing can be contacted at 1-800-868-2871 or online at [www.howardleasing.com](http://www.howardleasing.com)

Vulcan has been producing its "SuperCoach" model since 1994. Supercoach conversions fit well in any vehicle including Prevost, MCI, VanHool, or Setra. In addition to the SuperCoach model, Vulcan also produces Private Motor Home conversions, Entertainer models, Mobile Command Centers, Medical units and works in many other specialty markets. Vulcan also routinely does major remodels and upgrades to existing conversions as well as interior, exterior, and mechanical maintenance and service

Vulcan Coach Corporation is a family business and is the oldest continuously operating Luxury Motor Coach converter (since 1964) in operation today. Norm Basden started the company in spring of 1964. Son Bruce Basden started working in the company in 1970 and has been at the helm for 20 years. Vulcan Coach Corporation meets the needs of their clients by providing the highest levels of comfort, excellence, and service and has been a leader in the industry for more than 40 years. Vulcan Coach may be contacted by calling 1-877-2VULCAN (288-5226).
